AlKashaf:- employees are recognized experts in their fields, adept at combining their extensive knowledge & experience to the advantage of clients.

The key to our success lies in the success of our clients, and our ability to help them implement their business goals by an efficient processed designs, cost and time control, and by understanding competitive pressures our clients face.

AlKashaf:- is committed to provide the best service to clients and improve the efficient management of its resources, decided to include the quality to all the management systems of the company. The firm applies the requirements and quality criteria to each provided service, this responsibility falls on every person, and part of the organization, to achieve the constant enhancement in each carried out Activity.

1.2. Business strategy

business strategy is based on technical innovation and technology, combining technical and managerial expertise to develop and acquire knowledge fundamentals and potential. Following highest standards of ethics and business conduct, assuring privacy to our clients and providing quality services at competitive terms & prices, complies with safety, health & environment protection standards. Adding values to our experience by adopting a flexible and open approach towards the needs of our clients by listening, identifying, respecting and achieving their satisfaction.

1.3. Vision

- To strengthen experience, responding to the changing needs of clients and markets.
- To be active internationally, building a multicultural network that spans to global presence.
- To set new standards of excellence in engineering services and techniques, contributing to a better quality of life.
- To create a Total Quality Management system as a skeleton that involves all our procedures & production.

1.4. Quality

AlKashaf:- and continually strive to ensure the highest standards of excellence in engineering services, applying a rigorous quality system of standards that covers quality planning, assurance and control for the overall management, which in compliance with contractual requirements, project procedures and technical standards, ensuring that project will satisfy the needs for which it was undertaken.

AlKashaf:- Under prequalification to get **ISO 9001** Certification.

2. Expertise & services

AlKashaf:- has the expertise to provide innovate engineering solutions and services, meeting project's requirements and scope of specialty, applying this expertise to standardized segments of activity, covering a range of engineering fields:

2.1. Electrical

- Power supply and distribution systems.
- Lighting (Interior / External).
- Fire detection & Alarm systems.
- Structure cabling systems.
- Security systems.
- Sound systems.
- Satellite, master antenna T.V systems.
- Mechanical transportation systems.

2.2. Mechanical

- HVAC systems.
- Plumbing systems.
- Firefighting systems.
- Lifts and escalators systems.
- Medical gases systems.
- Special systems.
- (Laundry, kitchen, boiler stations, swimming pools ... etc.)

2.3. Utilities

- Low and medium power stations.
- Water purification plants.
- Water desalination plants.
- Wastewater collection and treatment.
- Industrial waste management & treatment.
- Solid waste collection & treatment.

2.4. Infrastructure

- Roads and highways systems.
- Sewage systems.
- Communication systems.
- Water supply and distribution systems.
- Electrical power systems.
- Irrigation systems.
- Firefighting systems.
- Hydraulic systems

3. Services

AlKashaf:- is committed to increase its value to clients, by providing useful and quality services with cost effective means, while upholding the highest level of ethical conduct, meeting responsibilities towards projects of any size and complexity, as well as combining quality and safety with time, efficiency, and cost effectiveness.

Technical Studies:-

- Environmental studies.
- Hydraulic studies
- Power studies.
- Foundation & supporting studies
- Feasibility studies
- Roads & transportation studies
- Structural Studies

Design:-

- Design analysis report, drawings, and calculation sheets.
- Tender drawings, bill of quantities, specifications, contract conditions, and tender procedure plan.
- Quantity surveying and cost estimating.
- Tender analysis (technical analysis – financial analysis – recommendation).
- Shop drawings.

Project Management & Supervision:-

Bidding: Equipment & material list cost estimation, contractor/supplier invitation, bidder tabulation, technical & financial analysis, and contract award

Construction: Supervision, testing, procedure manuals, cost, quality & time control, variation orders, claims, and arbitration

Commission and handover: Commissioning systems, as-built drawings, punch list, operation manuals, and hand-over.

Supervision of Facilities Management:-

- Operation and maintenance strategies
- Training programs
- Equipment and system rehabilitation
- Maintenance, operating testing and commission

5. Alkashaf International Projects

No.	Project Name	Project Description	Client Name	Scope of Work	Date Of Contract

4. Codes & Software Program

AlKashaf:- develops its **IT department** to provide consultation in a technological and innovate policy, improving a large library which contains diversified sources of technical data in all engineering fields, to help possession of updated information in relevant sectors & fields of activity.

Software & CAD Programs

NAME	DESCRIPTION	NAME	DESCRIPTION
HVAC		CAD & PM Programs	
Carrier E20II El – Zamel Software Elite HVAC	Heat load calculation. Selection for air handling units & split AC units. Heat load calculation	AutoCAD 2012 Primavera Project Planner Microsoft Project Microsoft Office	Computer aided design. Project Management software Project Management Office management
Roads & Highway		Electrical	
Land development 4 Surfer 8 S.D.R	Road/ Highway profile & design. Excavation & filling calculations – Contour Maps Total station info	Dialux Targetti Toa Saud Lighting Candelux FAEL – Lite 4.02 Ecodial Doc	Indoor/outdoor illumination Interior Illumination Sound Calculation Indoor/outdoor illumination Indoors illumination calculus (Philips) Lighting calculus (Egylex)
Water & Firefighting			
M-Fire Fire Water cad Cabernet Key pipe	Design of firefighting systems. Design of sprinklers. Design of water networks. Water network optimization. Plumbing design.		Design of low tension electrical installations. Electrical installations measure.

7. ALKASHAF LICENSE

لجنة قبول المهندسين ومكاتب الاستشارات الهندسية

وزارة البلدية والتخطيط العمراني

لجنة قبول المهندسين ومكاتب الاستشارات الهندسية

رقم قيد : ٢٠٣ / م

تاريخ القيد : ٢٠١٣/٠١/١٣ م

شهادة قيد في سجل مكاتب الاستشارات الهندسية المحلية

يرخص للسادة : الكشاف الدولي للتصميمات والاستشارات الهندسية بالفئة : الأولى

بمزاولة مهنة الهندسة بالتخصصات : هندسة كهربائية - هندسة ميكانيكية

سارية حتى تاريخ : ٢٠١٥/٠١/١٢ م

يعتمد ، ، ،

م / خالد عبد الرحمن آل سعد

رئيس اللجنة

صدرت في : ٢٠١٣/٠١/١٤ م

تبين : استناداً للمادة رقم (١١) من القانون رقم (٢٠٠٥/١٩) يجب تجديد القيد خلال (٣٠) ثلاثين يوماً من انتهائه ويترتب على عدم تجديد لقب الاسم من السجل تعتبر هذه الشهادة ترخيصاً وفق أحكام القانون رقم (١٩) لسنة ٢٠٠٥ بتنظيم مزاولة المهنة الهندسية
